**Place:**
119 Ruttan Hall
**Zoom Option:**
https://umn.zoom.us/j/98749918936
**Details:**
https://apecseminar.github.io/

## ABSTRACT:

*Quarto serves as a versatile platform, enabling seamless creation of reports, presentations, and websites. Merging effortlessly with both Python and R code it provides an enhanced alternative to R Markdown (RMD) while ensuring adaptability. In this skill session, we will go over some basic functions about Quarto and create your first Quarto report (HTML), presentation (revealjs-slides), and website (with GitHub).*
